The curriculum may change according to the university's admission guidelines and course offerings.

Career paths

Linked to job preparation through the Global IPP.

Consulting firms · Corporate divisions · Public institutions · International cooperation

03 GLOBAL IPP

From education to the field to employment

Global IPP is a field-linked system that the department designs with companies and runs directly, taking international students from study to work experience and employment in Korea. The program is run so that adjunct professors from industry lead the field links, joined by guest speakers.

STEP 1 · Off-JT
Education
Regular curriculum · mentoring by adjunct professors · lectures

STEP 2 · OJT
Field
Consultations via adjunct professors · practicum · visits

STEP 3
Job placement
Matching interviews, hiring, residence status support

Target International master's students (final-semester students first)

Operator The department (adjunct-led faculty, researchers)

Phases PHASES

PHASE 1 Preparation Spring 2026 — Completed

Regular curriculum (5 semesters, 30 credits) · **AI business automation training** · **2026 AI Art & Business Festival** (June, Seoul) · **Korea–Vietnam joint seminar** (Aug, Hanoi) · **Bangladesh–Korea joint seminar** (Aug, Dhaka)

PHASE 2 Implementation Fall 2026 — In progress

1. **Assessment** — Korean level, major, region and job goals
2. **Preparation** — Standard résumés, Korean–English profiles
3. **Field contact** — 2026 Industrial AI EXPO (Oct 21–23)
4. **Company sourcing** — Adjunct professors' networks and regional bodies
5. **Matching and hiring** — Visits and interviews with adjunct professors, contract review
6. **Settlement support** — Residence status change and onboarding

PHASE 3 Expansion 2027 onward — Vision

2027 institutionalization · **2027–28** links with government programs · **2027** recruiting from Nepal and India · **2027** link with the Hansung IPP Center · **2028** joint operation with other universities

Residence and employment paths after graduation AFTER GRADUATION

F-2-R
Region-specific visa
A job at a regional company recommended by a local government, settling in that region. From Aug 2026: TOPIK Level 3 or KIIP Level 3

E-7
Specific Activities visa
A professional job related to the major, based on job and company requirements regardless of region

D-10
Job Seeker visa
A lawful stay to look for a job after graduation; switch to a work visa once hired

Visa applications are filed by students and employers with expert advice under current Ministry of Justice rules.

Principles ✓ Education first ✓ One profile per student ✓ Based on student consent ✓ Adjunct-led field links ✓ Verified companies only ✓ Clear roles
